The Johnson Marbonite range enjoys the reputation of having become a generic name for Vitrified Tiles. It offers a wide range in large formats for application in homes, offices, hotels, shopping malls and airports.

The Marbonite range is brought to you by H&R Johnson (India), India's leading lifestyle solution provider since 1958. Not only are we the oldest tile manufacturing company in India, we have been the pioneers behind most of the innovations in tiles in India like germ free tiles, stain and scratch free tiles, large format tiles, anti static tiles, cool roof tiles and many more such innovative products.

Marbonite was the first to introduce large format slabs in Italian marble and other popular themes and high quality that is the result of

- Using the finest quality of raw materials and ingredients
- Employing the most modern technology, equipment's and in-house R&D
- Variety of designs and shades to suit individual preferences
- Continuous research in interior designing and Architectural themes
- Authentic shades and patterns to complement your project themes

The marvel of modern vitrification technology, the Johnson Marbonite range is superior to its natural counterparts both aesthetically and functionally. Not only are they easier to install, but also are easier to maintain and don't need re-polishing for many years unlike natural marble. What's more the Marbonite double charge range comes with the StainFree property that makes them easier to maintain and looking fresh for years.

Presented here is the Johnson Marbonite Elite Collection. This collection has been elegantly designed to become an intrinsic part of the contemporary Indian's lifestyle definition. The spaces that each one of us takes pride in, are further enhanced with these stylish and graceful tiles. It is our endeavour to transform every living space with inspiring designs, cutting-edge technology while also promoting lifestyles that are cultured, classy and healthy. So, spoil yourself with the wide range of sophisticated themes and high-quality products that present to you a lifestyle par excellence.

Available in 5 large format sizes of 160X80, 120X120 cm, 120X80 cm, 120X60 cm, 80X80 cm as well as in the standard 60X60 cm size. The large formats help to reduce the number of joints giving a seamless look to the floors, thereby enhancing the aesthetics appeal of your spaces.

WHAT IS STAIN FREE?

Schematic representation of how Marbonite StainFree works.

Schematic representation of enhancement of gloss.

All vitrified tiles have micro pores on their surfaces. In spite of continuous cleaning dirt particles can get accumulated in these pores causing stubborn stains on the surface. The StainFree technology seals the micro pores thus limiting the chances of dirt accumulation and stains and making maintenance easier therefore. Elimination of micro pores also enhances the reflectivity of the tile surface, adding to its lustre.

Frequently Asked Questions

Q.1) What is the life of the Marbonite product range?

A. The superior properties of Marbonite ensure that its wear resistance and scratch resistance A. The superior properties of Marbonite ensures that its wear resistance and scratch resistance are significantly higher than ordinary ceramic floor tiles or natural marbles. Depending upon the usage of the polished surface the life of the Johnson Marbonite tiles range will be much more than the best of Italian marble or granites.

Q.2) Does the design on top of the tile remain forever or does it disappear or fade with use?

A. The Marbonite range is a vitrified tile range. Being a hard material it is virtually impossible for the designs to be removed or fade and hence the designs remain permanent.

Q.3) What about water absorption and hardness levels of the Marbonite range?

A. The Johnson Marbonite tile range has very low water absorption of less than 0.05% which make them highly durable and maintenance free. It hardness levels are almost twice that of natural marble.

Q.4) How is Marbonite Elite better than natural marble?

A. Unlike natural marble, the Marbonite Elite is harder and therefore, way more durable. It's devoid of cracks and fissures. Thanks to the vitrification process, it absorbs very little water compared to natural marble. Moreover, the polish that it comes with weathers for a little or no extent and even discolour minimally. They are even better equipped to withstand scratches and abrasions, compared to natural marble. Making them very easy to maintain. Furthermore, the tiles come pre-polished and pre-sized, making the whole installation process easy that too, with minimum wastage.

Q.5) In which all areas can the Johnson Marbonite Elite range be used?

A. The Johnson Marbonite Elite range has a long-wearing tile surface which makes it ideal for use in most flooring application areas like residences as well as commercial spaces like malls, showrooms, hospitals, hotels and airports. It can also be used for wall applications with the use of recommended tile adhesives and internationally accepted tile fixing practices for wall applications.

Q.6) In what sizes is the Marbonite Elite range available?

A. The Johnson Marbonite Elite collection comes in 5 large format sizes of 160X80 cm, 120X120 cm, 120X80 cm, 120X60 cm, 80X80 cm as well as in the standard 60X60 cm size. The large formats help to reduce the number of joints giving a seamless look to the floors, thereby enhancing the aesthetics appeal of your spaces.

Q.7) Can Johnson Marbonite range be fixed on existing floors?

A. Yes it can be used on existing floors using synthetic tile fixing adhesives from brands like Ardex Endura.

Q.8) How is the Johnson Marbonite Elite collection better than similar products of competition?

A. Johnson Marbonite is the pioneering and most well known brand of vitrified tiles in India. These tiles are made using the superior quality of raw materials, using the most modern technologies & manufacturing process as well as deployment of strict quality controls. Our continuous research in interior design and architecture practices and association with leading international design houses enables us to offer you the most contemporary portfolio of designs that complement your project themes very well.

Q.9) Can the Johnson Marbonite Elite range be fixed with minimum gap between tiles?

A. We recommend to use spacers while installing these tiles as per internationally accepted standard norms of tile fixing.

Q.10) What precaution and maintenance is required for the Johnson Marbonite Elite range of tiles?

A. While this range offers Stain Free property we recommend that any stains or spills on the tiles be cleaned immediately. We suggest sweeping the floor on a regular basis to remove any trapped-in dirt particles. It is also recommended to keep an effective anti-dust mat near the entrance doors to minimize abrasive substances like sand, dirt etc being brought in through footwear. Other than that the use of a neutral ph detergent or standard tile care product for mopping is enough to keep the tiled floor looking fresh for years.

A journey from tiles to lifestyles - measured in square feet

H&R Johnson (India) is a division of Prism Johnson Limited, one of India's foremost Integrated Building Materials conglomerates.

PRISM JOHNSON LIMITED

(FORMERLY PRISM CEMENT LIMITED)

Established in 1958, Johnson is one of the oldest and trusted brands in the country. Built on the strong and unswerving foundations of quality and innovation, this trust has only grown in these decades gone by; and continues to grow. Starting with tiles, the brand soon diversified into offering lifestyle solutions in the realms of Engineered Marble & Quartz and Bath Solutions. Thereby becoming India's most Integrated Lifestyle Solutions brand. Every product that comes bearing the H&R Johnson insignia is a symbol of the same quality and innovation focused on adding value to the lives of our consumers.

Pioneering Innovations, A Way of Life

At H&R Johnson the term innovation is at the heart of everything we do. That's why it is backed by credible research. Every product attempts to fill in a void left by conventional offerings in the category, in an innovative manner. It's this value we place on cutting-edge innovation that makes us strive for more and eventually delivers more. A quality and a way of working that have redefined consumer lifestyles and expectations.

- Anti-skid & Water-repellent Tiles for Bathrooms
- Rectified Wall Tiles
- Johnson Marbonite - Vitrified Wall and Floor Tiles
- Joint Free Tiles
- Large Format Slabs
- Digitally Printed Wall & Floor Tiles
- Germ Free Tiles & Sanitaryware
- Exterior & Industrial Flooring Solutions

India's Most Integrated Tile Manufacturing Company

Being India's most trusted tiling brand requires that trust to be maintained in every stage of developing each and every product that bears the name of the brand. That's why at H&R Johnson, our Felspar Mines are Self-owned, the soluble salts and inks are manufactured in-house, and even the dies and punches are made in-house. All, so that every step in the process comes with the same quality and assurance, that you expect from us.

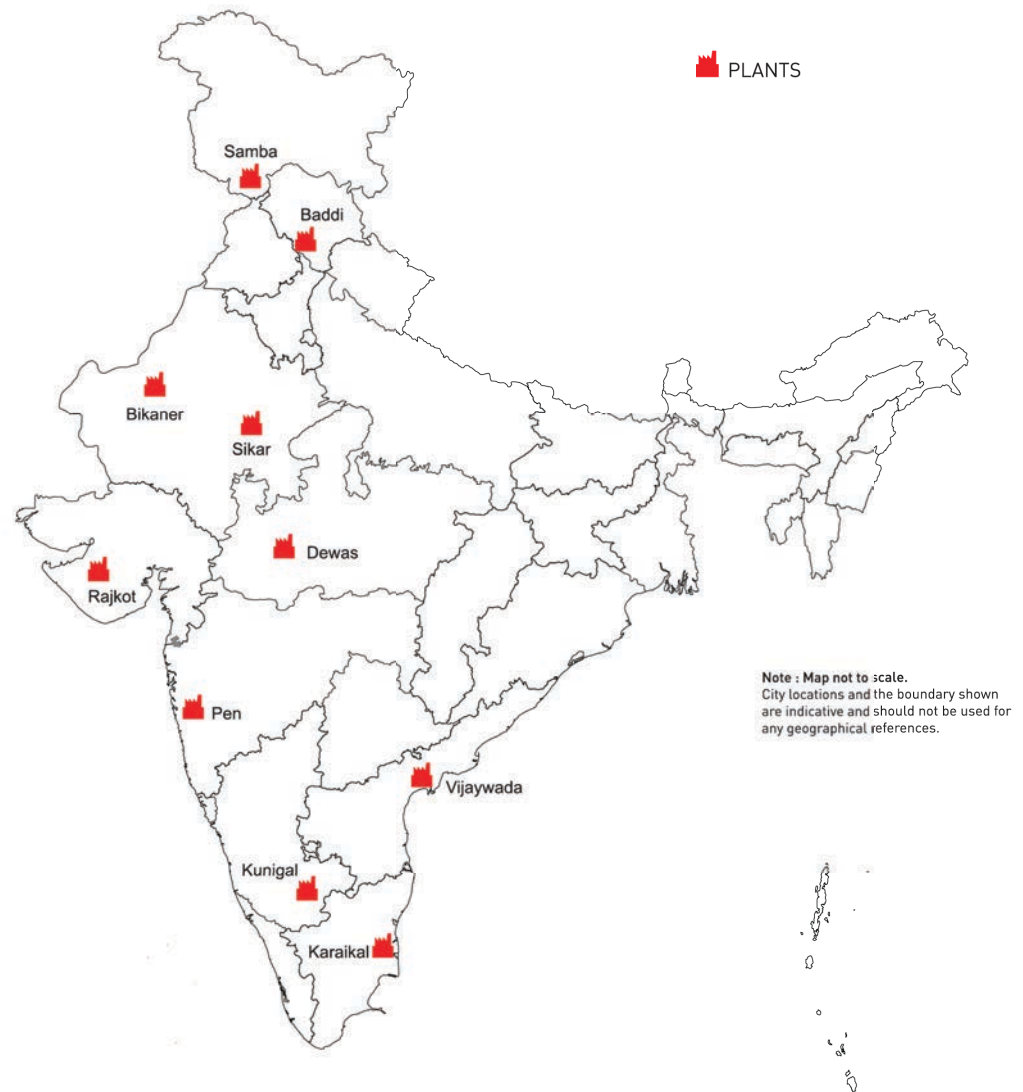

Manufacturing Excellence

Johnson has the most modern manufacturing units across strategic locations in India. Our manufacturing facilities employ the best technology from world leaders in tile manufacturing equipment. All our plants are ISO compliant with both 9001 and 14001 certifications as well as OH SAS 18001 certification.

Our Wide-spread Network

To make sure only the best reach the most, H&R Johnson has over 1,000 exclusive dealers and over 10,000 sub-dealers, spread across 35 branches and many House of Johnson showrooms. More importantly, the brand offers after sales support on your fingertips, with a Pan India customer service.

H & R JOHNSON MANUFACTURING PLANTS IN INDIA
